PERFORMANCE SUMMARY

As a professional with expertise in front-end engineering and python & sql development, I have a unique skill set that allows me to excel in various industries. With a strong foundation in programming languages such as JavaScript, HTML, and CSS, I can create visually stunning and user-friendly websites and applications.

Additionally, my experience in data manipulation and visualization enables me to transform complex datasets into meaningful insights that can inform business decisions. I am skilled in database creation, management, and data manipulation using tools such as Excel, Python, and SQL and have experience creating compelling data visualizations using tools such as Power BI.

SKILLS

- Web development expert
- Web app development
- My SQL database management
- Strong Mathematical skills to help collect, measure, organize, explore, and analyze data.
- Knowledge of programming languages like SQL, and Python
- Technical proficiency regarding database design development, data models, techniques for mining and segmentation
- Database management expertise
- Verbal and Written communication skills
- HTML, CSS, Bootstrap, JavaScript, and Django
- Team-working skills

- Knowledge of how to create and apply the most accurate algorithms to datasets to find solutions.
- Accuracy and attention to detail
- Problem-solving skills
- Ability to work with Microsoft Word, Microsoft Excel, Microsoft Power BI ☐ Data interpretation and visualization skills

WORK HISTORY

10/2022 – 12/2022   Web Development Internship *(HNG Internship Lagos, Nigeria)*

- Troubleshoot and debugged code ensuring compatibility with devices, browsers, and operating systems.
- Developed user interfaces with modern JavaScript frameworks, html5, and CSS3.
- Studied user requirements to gain a strong understanding of project initiatives and deadlines.
- Worked closely with developers on creating new code.
- Used content creation tools and digital media to design websites.
- Collaborated with project managers and the development team to brainstorm new ideas.
- Attended development programs to gain competencies and boost skill sets.

03/2023 – 04/2023   Data Analytics Internship (Terra Learning, Remote)

- Collaborated with a team of seven to work on real-life data of top organizations.
- Attended daily virtual meetings with my teams to share opinions about the tasks.
- Served as an assistant team leader and provided relevant information to my team members in every area of the task throughout the internship program. ☐ Analytically proffer solutions to complex real-life problems

EDUCATION

03/2019 – 04/2021   National Diploma in Computer Science
Lagos State Polytechnic (Laspotech), Lagos, Nigeria

06/2022 – 10/2023   Certificate in Web Development
Anchorsoft Academy, Lagos, Nigeria

01/2023 – 03/2023   Certificate in Data Analytics
Torilo Academy, Lagos, Nigeria
